NEWS RELEASE: Customer hearings scheduled to take testimony on proposed electric and natural gas rate increases

BOISE (July 11, 2023) – The Idaho Public Utilities Commission will host customer hearings in late July to take testimony on applications from Avista to increase rates for natural gas and electric service.

Avista is asking for approval to increase base rates for natural gas customers and electric customers in 2023 and 2024. Under the terms of a proposed settlement involving parties in the case, natural gas customers would see an increase of approximately 2.7 percent beginning Sept. 1, 2023, and an additional increase of 0.01 percent beginning Sept. 1, 2024.

Electric service customers would see an increase of 8.0 percent beginning Sept. 1, 2023, and an additional increase of 1.4 percent beginning Sept. 1, 2024.

The commission may approve the proposed settlement, deny it, or modify it.

Customer hearings will be held in Lewiston, Coeur d’Alene, and Sandpoint. Those attending the hearings in-person will have the opportunity to submit testimony for the record. The hearings may be listened to by calling in, but testimony will not be accepted over the phone.
